## Type acceptance of STC

### The Swedish Transport Agency's decision

The Swedish Transport Agency has decided to accept the below listed Supplemental Type Certificate (STC) issued by Luftfahrt Bundesamt, Germany, to be valid for application on Swedish registered aircraft not regulated by the European regulation (EC)216/2008. The aircraft types must be consistent with those listed in respective STC.

<u>LBA STC</u>	<u>Aircraft category</u>	<u>Date of LBA approval</u>
SA 1468	Small aeroplanes	2016-05-31
PS 0014	Powered gliders	2016-02-03
SP 0003	Gliders	2016-02-03

**Statement of the matter**

Lanitz-Prena Folien Factory GmbH applied on the 27 July 2016 for a Swedish type acceptance of three LBA approved STC for use of the ORATEX 6000 covering and coating system on Swedish registered aircraft that are in compliance with the Annex II of the European regulation (EC) 216/2008.

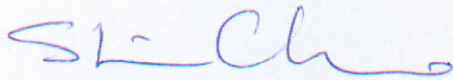

**Reasons for the decision**

The decision is based on 1 § of chapter 2, TSFS 2012:87 describing mutual agreement on products, parts and appliances between European states.

The level of safety between German and Sweden regarding airworthiness has been assessed to be equivalent.

---

The decision in this matter has been made by the Head of the section for Maintenance and Production Organisations, Stina Chanko. Bo Eriksson, specialist in electrical and avionics, submitting the report, took part in the final handling of the matter.
